

Strobe Light V 4

**Optical signalling device
for indoor and outdoor use**

- ▶ Flash energy 5 joule
- ▶ VdS approvals,
UL approvals as a special version
- ▶ Simple installation
- ▶ Protection IP 65

as a special version

Application

The strobe light V 4 is very versatile in its application possibilities. Because of the VdS approval the V 4 is often used in burglar and fire alarm systems, office building, hospitals or airports.

Thanks to its housing, the V 4 is suitable for use both indoors and outdoors.

The design of the housing enables simple installation.

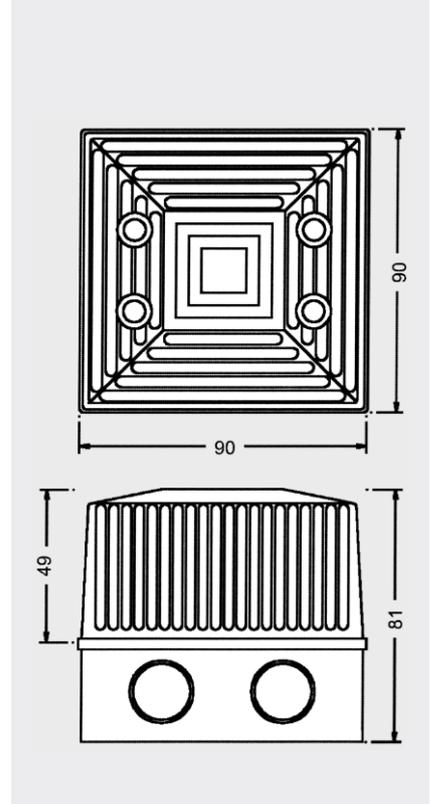

**Signalling device
of burglary-
system**

For indication in case of
fire or burglary.
